

23 July, 2009

To whom it may concern,

This letter of reference is for Kevin Springall.

Kevin has completed his Certificate 3 in Horticulture with SQIT over the last couple of years. Kevin has competency in practical, organisational and theoretical aspects of horticulture as evidenced by his business and qualifications.

I feel sure that these skills will be transferable to many roles not only within horticulture but also in other job situations. He is an enthusiastic person who is able to communicate and organise his work to a very high standard.

His list of specific job skills is extensive in the planning, budgeting, execution and maintenance of large scale garden and landscape projects.

Please call for more information.

Brian Sams MAIH
Principal teacher in Horticulture
